BENCH TOP WATER FILTER

The Pure Water Systems Bench Top Water Filter is a totally portable system that can be installed directly onto your existing tap in just few easy steps.

Constructed using only the highest quality parts and fittings, sourced from the worlds most reputable manufacturers, the Bench Top is an economical and practical water filtration solution.

The Bench Top Water Filter can be used for both town and tank water supplies and is ideal for use in the home, office or even whilst traveling, which means that you're never without a healthy source of fresh, filtered water.

THE HEART OF THE FILTER

Our Bench Top Water Filter utilises carbon block filtration matched to your needs offering the superior reduction of tastes, odours, chemicals, metals and bacteria*, leaving you with water that not only tastes great, but is good for you.

Pure Water Systems offers a 3 year parts and labour warranty coupled with our Pure Quality Guarantee*, ensuring that you are receiving the best quality water available and value for money.

*Bacteria reduction only available for tank water (the Doulton Ultracarb cartridge)
